A paper published by the students is

an asset. It not only provides entertainment to the readers, but it gives valuable experience to those taking part in the actual editing. The Siren hopes to bring out the talent of the students by featuring a novel series of contests, Drawing, poetry, and story writing. All of these will be given a chance. Write for our editorial contest which is the first of these series.

# SCATTERED CHATTER -

## - A SWING BAND -

When the "Booster Club Boys" came on the scene the other day with their torrid arrangement of "Caravan" it accured to this corner that C.H.C.I. should have an officially recognized "jazz-jammin" swing band. The school is fairly over-flowing with "jitter-bugs" and with a little more "hot sch-maltz" we could all "cut down the grove" at the next "truckin session". To put it plainly, why couldn't a school orchestra be professionally hired to play at school affairs?

-----\*

## - HERB CARLSON & CO. -

In reviving the Booster Club, Herb Carlson and his helpers revived more than a school band and a few cheers. School-spirit has reached the highest level in years, and every student in the school is "alma-mammy" conscious. It is to be hoped that this fever enthusiasm will be permanent --- congratulations, Booster

-----\*

## - SCHOOL RINGS -

Apparently the manly sex has given up jewelry in preference to flashy ties. We don't want to cramp the tie campaign but we would like to see more boys displaying their red and blue jewelry. Why not pass a hint to Santa Claus --- Birks Jewelry Dept. - one dollar.

-----\*

Bill Knapp- Who are you?

Sparrow- Oh, just a little dandruff trying to get a-head.

## - BILL GRANT -

Bill Grant, better known to his friends as 'Peachfuzz' has taken up his studies in Kingston Military College, Kingston Ont. Bill was very popular during his four years in Cres. Hts., both in class and on the field of sport. He distinguished himself on the football field, being a member of two championship teams-'34 & '33. We take this opportunity of wishing Bill the very best of luck in the east.

## - XMAS FUND -

It's a little early to think about Christmas just yet but it may snow any day now so here goes: How about some organization in this school starting a campaign towards gathering clothes, shoes, toys etc. for poor families at Christmas? Every year we hear of more people being made happy through the generosity of the more fortunate. It would be simple for each of us to contribute some small article and we would have the pleasure of knowing that others were made happy through our efforts.

## - CAPT. FERGUESON -

Probable the most cheerfully hated person at every high-school rugby game in Calgary is Capt. Ferguson. A little 'good-natured ribbing' may be in order at times, but it is absolutely out of order to treat the Capt. with disrespect. After all, he is one of the founders of organized high-school sport in this city and year after year he comes to the rescue as a referee or head linesman in the games. So let it not be said of the students of Cres. Hts. that they shamed the name of their school by treating an elderly gentleman with disrespect.

# HUMOR

AND PATTER

LAUGH AND THE WORLD LAUGHS WITH YOU.

## SERIAL STORY

My new serial story is so powerful and mysterious that I am going to offer prizes at the end of each installment to any reader who can guess what happens next.

For instance, in the first instalment the Hero has been trapped, and the Villain buries him up to the neck in an ant-hill, curls a rattler round his cranium, puts a barrel of dynamite behind his ear and then sets fire to the faggots he has heaped all round. The scene is miles from anywhere. The Hero looks in vain for help. CAN YOU GUESS WHAT HAPPENS NEXT?

Well, in case you can't, here's the answer. The ants ate him, the snake bit him, the fire burnt him, and the dynamite blew him to smithereens.

Bet you didn't guess it!!!

This month's choice of the WORLD'S BEST FICTION is the local streetcar time schedule. There's not a word of truth in it anywhere! THE WORLD LA

Latest air-raid invention is the combined gas-mask and nosebag for horses; shown here. In case the wearer should eat the chemicals and breathe the oats, a special Horse Instruction Pamphlet has been issued by the National War Office.

## Explanation

There have been many inquiries as to the reason why the new cycling path out the North End has a curious curve in it where it crosses Bill Swager's land. The explanation is that Bill Swager's bull was standing in the way when the path was being laid out. Thats tellin' 'em!

The Ed. is going to get me a noiseless typewriter in place of my present one, which makes a row like the siege of Madrid! This will do us both a bit of good, because he wont be able to hear whether I'm working or not, and the noise wont keep waking him! (With apologies to Harry Habgood)

## Another Invention

The Odoradio Prof. Ron Ferrie has now perfected his transmitting set for broadcasting smells instead of sounds, and he hopes to start a National Program next week. The Odoradio can be turned off and on as required. Some of the first items:

The Junior ranks are being well filled by many of the newer girls in the school, but the seniors are lacking in material. Unless more girls turn out for the Senior squad, we will not be able to enter a team in the league this winter. Come on all you girls, support your school!

Doris Coglin, the President of the Girl's Badminton Club has the club going full swing with very good turn outs. Don't forget Tuesday and Thurs.--7 to 9 A.M. and Thurs. and Fri. after school.

JONES + WAITE

LEAD IN SCORING ATTACK FOR CRESCENTS

Last night at Western, Crescent fans saw their team go down for their first defeat to Western in a 13-11 finish. It was a high scoring battle and both teams were well matched. The majority of Westerns pts. came in the second quarter with Quon scoring a try and Jordon kicked for a pair of points and field goal. In the third quarter Crescents came back strong scoring two successive touchdowns. In the first Hammond raced through a maze of Western tacklers to score easily. The second was gained by Bobby Jones, backfielder. The convert was made good by Grant. Western made another field goal in the last quarter.

In former games Crescents had the play well under control all the time. In the first half in three games,

HAVE THREE LOSSES

It was a game Crescent Heights team that bowed to Central and Western. Crescents lacked a little in weight from Central, and in experience from Western, but Western leads the league with eight points and remains undefeated. Central is second with one win over the local boys. Coaches Bob Campbell and Al Hopwit must be given credit for their efforts in fielding a team such as they have.

In the last game with Western, The score was 8-0 in favor of West. but as if filled with renewed vigor Crescents rallied in the final stages to score a touchdown, and convert the . But the count remained 8-6 for Western at the final whistle. In this game as in all others the school spirit was prominent, and the

Crescents scored 34 pts. against Western, St Marys & Central, and had only two pts scored against them. In these three games the Crescent boys were in top form turning in scores of 6-1, 10-1 and 18-0 respectively.

Senior rugby games were considered one of the most colorful and rousing spectacles yet seen in city sports. This at C.H.C.I. was made possible by the very splendid efforts of the Booster Club.

TURN OUT AND SUPPORT THE TEAM

The ultimate routine of the Jr. and Intermediate games, is still undecided in this second round. However each team in both sections have played one game and a junior game is scheduled for Sat. Oct. 30 with the Crescents playing St. Mary's and Western playing Central. First game between Green and White and the Red and Blue will be started at 2.00 pm

Local Basketball fans are in for a big season this year that is to the appearance of talent that has cropped up in the various classes. Several of last years players are still with us; Rory MacLennan, Herb Carlson, Bert Dealy, Allen Cook, Bert Paxton, Neil Cameron, Joe Attillio and also members of the Y.M.C.A. Sharpshooters. However there seems to be a little friction concerning basketball among boys and if C.H.C.I. hopes to get anywhere at all this must be wiped out and all boys pull together and work under what has been suggested ; one of the teachers or an absolutely neutral coach. Mr. Hoover has offered to handle one of the boy's teams, so boys get together!

A welcome addition among school clubs this year is the tumbling club. The organization is under the leadership of Mr. Steckle. Approx. membership of the club is seventy and under the directorship of John Burt, Pm. 25 as president, Ian MacKenzie as vice-pres. and Ernest Buchell Secty.-treas. An active season is in store for its members which will include displays at the various undertakings and members of the club who are members of the P.T. class also are preparing for a mass demonstration to be held near the end of the term by the High School Physical Training classes throughout the city. The new members in the club having never taken any tumbling before are coming along nicely and are among the most enthusiastic.

"Hey Speck, we shoulda had  
this when we played central!"

Speck: "Flw Nuts."

In the middle weight rugby game of Oct. 6 when Crescent Heights tackled St. Mary's to open the schedule our local players after putting up a stiff fight, had to be content with the Green and White win at 1-0. Their one point rouge came in the third quarter with Holdsworth kicking and St. Mary's wing Jones came in for the final tackle. On the last down of the final quarter Crescent fought on St. Mary's 1 yard line but failed to smash through. The second game of the season brought Crescents its first win of the season. The score 22-1. In this game shortly after the first quarter opened McMahon crossed Centrals line for the first major. He also completed the convert for the extra point. The opening minutes of the second quarter credited Central with the lone point with MacKay in to tackle Lowry. The remainder of the game saw passes from Lowry to Shantz and also to Welsh give both receivers credited major scores. Nazar

Nazar crossed the line in the next encounter with Western, scoring a major which was the touch of the game.

The Western encounter was a bruising bashing football game. Feelings crept in which gave the blood thirsty fan a new slant on those rough and tough games they so much enjoy.

Shower Room Banter . . . . .  
All too soon football season will be just a memory. Cheer expanded larynxes will dwindle back to normal size, pennants and "beanies" will go back in moth in moth balls,

and CHCI will slide back into its annual groove of disinterest in regard to school athletics. Why it should be so we don't know. Come on you Boosters let not this School Spirit, which was so painfully extracted die in its infancy. Attendance at Hockey games is pitiful to behold in fact it is nonexistent. Basketball is soon to make its debut. Lets support it. What say Booster Club.

Rumor would have it that the Southern vs Northern Alberta Rugby games have been called off for good. We can find no official statement in regard to this. Such a move would, in our estimations dampen the enthusiasm of our Calgary footballers. The Edmonton game though often not played is perhaps one of the great incentives to Rugby enthusiasm among both players and fans in our local institutes of mental betterment.

It was a great day to shower room bums the day Galloping Hugh Shantz made his return to our midst. It generally felt that the seniors would have severely trounced our rivals had Hugh been on the field with the ball instead of on the bench with a sprained ankle.

Considerable talk, of a not too pleasant nature, has reached our ears concerning boys Basketball. Apparently there are two camps in the school in direct contradiction to one another on who, how, and where this game called Basketball should be played. Forget the differences, and lets get those Trophies back from Western.

Girls Basketball is off to a flying start. Junior girls practice each Tuesday and Thursday noon. Seniors Wednesday and Friday noons. Championships are a habit with both these teams and we hope the habit sticks this year.

Plans are underway to secure new backboards to replace the noisy vibrators we have now on our otherwise perfect gym floor. The present boards are both loose and hard to use because of their uneven surfaces.
